

# Messages of hope

## “It wasn’t meant to be this way!”

Do you sometimes feel like “this is not what I signed up for”? Like you’re running around flat out, but not really getting anywhere? Our lives are so busy and it’s hard to keep up with it all. Sometimes we feel like giving up.

Kim feels like this:

**“I am always stressed. I feel like I block out everyone, even those close to me and those trying to help. I totally shut down”**

Kim searched for “How to deal with stress?” on Google and your Messages of Hope was there to help.

Whilst there are many different things that trigger stress, it’s something that we can all relate to.

In your new Messages of Hope video - **“It wasn’t meant to be this way”** – Janine (pictured) shares her story which offers hope to cope with stress.

Janine takes you through the time in her life when reality crashed into her dreams and how she navigated her way as a young mum struggling through stress.

What Janine learnt from her situation can relate to us all - that God loves us and gives us peace through Jesus Christ.

**“I started thinking about who I was and whose I was. I realised that God fills me with love.”** Janine

You can watch Janine’s video at [messagesofhope.org.au/parenting](http://messagesofhope.org.au/parenting) or on [youtube.com/messagesofhope](https://www.youtube.com/messagesofhope).

Spread the impact of this uplifting story by liking the video on YouTube and sharing it on your social media too. Together we can let many people know of the hope Jesus Christ offers.

**“Jesus says, ‘Come to me and I will give you rest’. Whoever you are and how ever you are. It’s peace, joy and love.”** Janine

*Peace I leave with you; my peace I give you. I do not give to you as the world gives. Do not let your hearts be troubled and do not be afraid.*

# Messages of Hope for a tragedy

**In March, Christchurch NZ experienced a tragic shooting that shocked the world. How do you react to something like this? What can you say?**

Media outlets were struggling to comprehend what had happened and what they could say.

Esma from Newstalk ZB (NZ's number 1 radio station) shared with me their response;

**"I listened to the Messages of Hope for the month and decided to go to our executives to play it on all of our radio stations and across the country. It was a great message of hope for all people of NZ. Thank you."**

As a result, Esma said that many people contacted the radio station to know more about your Messages of Hope. Many people also visited [messagesofhope.org.nz](http://messagesofhope.org.nz) for more help too.

I wasn't sure what messages we had sent her for that month and we certainly hadn't planned for the Christchurch shooting. I checked out the messages and discovered that they were on grief and suffering.

**"Jesus cares about you and is here to carry you through."** Messages of Hope.

An amazing example of how God works to share his message of hope in Jesus Christ in times of tragedy.

Every month, two new Messages of Hope are produced for New Zealand. You can watch them at [messagesofhope.org.nz](http://messagesofhope.org.nz)

## Your Messages of Hope grows in reach

Your Messages of Hope is now on the largest Christian radio station in Australia, LightFM in Melbourne. 75% of their audience is non-Christian so your Messages of Hope is helping to reach people with the good news of Jesus Christ. Millions of people can now hear Messages of Hope on one of more than 800 radio stations across Australia and New Zealand.

## “Dementia This is our Story” seen by millions

The story of God walking with John and Maureen through their journey with dementia has touched many lives and given hope in Jesus Christ.

An Italian media company saw their story on Messages of Hope’s Facebook page and asked to share it throughout Italy and Europe. We agreed and in a matter of weeks, over 2.5 million people had watched the story.

Including many families, over 250,000 people have seen their story on youtube.com/messagesofhope (see the Dementia playlist).

**Your support for Messages of Hope is impacting the lives of millions of families throughout the world. Thank you!**

## Pray for us!

With millions of people looking for hope, more radio stations are enquiring about your Messages of Hope. Added to the reach through social media, the opportunities to share Jesus' message of hope is growing quickly and widely.

I attended the first Radiodays commercial radio conference held in Asia in Kuala Lumpur. Sitting with leaders in radio, I shared about your Messages of Hope. Their interest in playing Messages of Hope was very encouraging and I have since had many conversations to play Messages of Hope on even more radio stations.

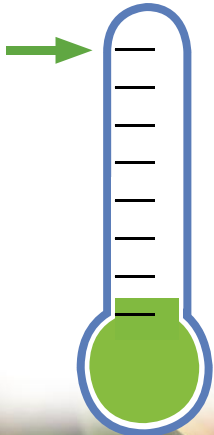

Please pray for the discussions with media outlets so that more people hear Jesus' message of hope.

Thanks and God bless,  
Rev Richard Fox
